Jan,

Here's a new draft manuscript that I am working on.

Please let me know if you need anything else to start this process.

Thank you very much,

Andy

Adam,

The internal review of our draft manuscript entitled "Detection of poly- and perfluoroalkyl substances (PFASs) in U.S. drinking water: Insights from early monitoring and implications for risk assessment," for submission to *Environmental Science & Technology Letters* has been completed.

I have attached the original draft manuscript, the ORD 362 Clearance Form, the ORD 263 Review Form, and the reviewer's annotated draft of the manuscript.

Please let me know what I need to do to expedite our internal review.

Thank you very much,

Andy
